Dear Mrs. Parlow,

I am very pleased with
Your letter from Götting,
received yesterday; You
are right, "it would really
need to have ~~some~~ good Con-
certs after all."

Gross is not right to give
concerts at Russia ~~this~~
year; Thalberg must play
an other season at Germany
and have a success at London,

Paris; than we can
they Petersburg, Moscow,
and the country; of course, come
to study, that is another question.
He has to prepare her debut
at London; how to do it,
c'est son affaire! and I
should prefer if it would
be before the summer season,
in April or the beginning of
May. - Give them absolutely
a Press - destinee and they

clearly should
pay the travels
criticism.

To have a debut at one of
the great Orchestral - Concerts.
In a few days I am to begin
my tournee at the North!
Terrible! the distances are
so enormous that I can
give only ten Concert for
three weeks and a half! traveling
day and night! So I expect
some letters from you on
my return $\frac{17}{18}$ Decembre.
I am enchanted that Fiddle
fits so well! Best wishes and
love of yours sincerely
L. Auer
